[Notes]

- Dose distribution and number of projects that workers for decontamination and related work were engaged in during the statutory five years from January 2017 to December 2021.
- How to read the table: The number "1,674" in the box of the dose row " $1 \le 0$ and the no. of engaged projects column "3" means that there were 1,674 workers who were engaged in 3 decontamination and related projects in 5 years and whose radiation dose were greater than 1 and less than or equal to 5 millisieverts during 2017-2021.
- Data based on registration as of 16 May 2022.
