[Notes]

- Dose distribution and number of projects that workers for decontamination and related work were engaged in during the statutory three years from January 2022 to December 2024.
- How to read the table : The number "587" in the box of the dose row " $1 < \text{Dose} \leq 5$ " and the no. of engaged projects column "3" means that there were 587 workers who were engaged in 3 decontamination and related projects in 3 years and whose radiation dose were greater than 1 and less than or equal to 5 millisieverts during 2022-2024.
- Data based on registration as of 8 May 2025.
