[Notes]

- Dose distribution and number of projects that workers for decontamination and related work were engaged in during the statutory four years from January 2022 to December 2025.
- How to read the table: The number "634" in the box of the dose row "1 < Dose ≤ 5" and the no. of engaged projects column "3" means that there were 634 workers who were engaged in 3 decontamination and related projects in 4 years and whose radiation dose were greater than 1 and less than or equal to 5 millisieverts during 2022-2025.
- Data based on registration as of 11 May 2026.
